## Town Meeting Warrant

---

To the inhabitants of the Town of Littleton, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall and Police Court Room in the Town Building, on the 13th day of March next, being the second Tuesday of March, at nine o'clock in the forenoon, to act upon the following subjects:—

Article 1. To choose a Town Clerk, one Selectman for the term of three years, a Town Treasurer, an Auditor, a Collector of Taxes, an Overseer of the Poor, an Agent to prosecute violations of the liquor law, three members of the Board of Trustees of the Public Library, each for the term of three years, one Trustee of Trust Funds, a Constable and two Highway Agents.

Article 2. To bring in your ballots upon the question as to whether the amendment proposed by the Convention to revise the Constitution shall be approved.

Article 3. To raise and appropriate such sums of money as may be necessary for the laying out, construction and repairing of highways and bridges, for the payment of the town debt and interest, for the maintenance of the poor, for the public library, for the recreation commission, for free hospital beds, for observance of Memorial Day, for band concerts, and for all other town charges.

Article 4. To see what action the town will take for the purpose of securing State aid for trunk line construction of highways in this town under the provi-

sion of an act to provide State aid and for the expenditure of other public moneys in the construction of main highways throughout the State in accordance with Chap. 155, Laws of 1909, of Chaps. 158, 162, or 168, Laws of 1913, of Chaps. 51 or 93, Laws of 1915.

Article 5. To see what action the town will take for the purpose of securing State aid for Trunk line maintenance of highways in this town in accordance with Chap. 133, Laws of 1911, Sec. 27.

Article 6. To see if the town will vote to raise and appropriate money, and if so, how much, to be expended under the direction of the Selectmen, in cooperation with the State Forester, in the work of preventing the spread of the disease, commonly known as White Pine Blister Rust.

Article 7. To see if the town will authorize the selectmen to borrow money, from time to time during the current year, on the credit of the town, to pay current indebtedness, in anticipation of taxes.

Article 8. To see if the town will vote to exempt from local taxation all or any part of the real and personal property of the Holly Shoe Company, of said town, used in or connected with its manufacture of shoes or other goods, for a period not exceeding ten years.

Article 9. To see if the town will vote to authorize the selectmen to fund and refund the town's outstanding indebtedness, incurred on account of the location and construction of a highway bridge across the Ammonoosuc River near the Norfolk Knitting Mills, the condemnation of land belonging to A. N. Blandin and others to protect its water supply, and an outstanding or floating indebtedness existing December 31, 1922, and not thereafter, on account of its public schools and other town charges; to borrow, on the credit of the town, the sum of \$150,000.00, or such part thereof as is necessary, to pay the said indebtedness; and to

issue and negotiate the notes or bonds of the town for the same, in conformity with the statutes of New Hampshire, generally or particularly applicable thereto.

Article 10. To see if the town will vote to discontinue the highway, on either side of the Ammonoosuc River, at South Littleton, being the approaches to the highway bridge adjacent to the old Littleton Lumber Company property, which bridge was destroyed and has not been rebuilt.

Article 11. To see what action the town will take with reference to the matter of authorizing the Selectmen to give any druggist, doing business in this town, a prescription permit to sell pure spirituous and malt liquors for medicinal, sacramental, mechanical and scientific purposes, as provided in Chapter 147 of the Laws of the State of New Hampshire.

Article 12. To see what action the Town will take relative to authorizing its Water & Light Commissioners to increase the supply of power for water and light purposes.

Article 13. To hear the reports of agents, auditors, committees or officers heretofore chosen and pass any vote relating thereto.

Article 14. To choose any other necessary town officers for the year ensuing, and to choose or elect any agents or committees which may be necessary to carry into effect any vote that may be passed under this warrant.

Article 15. To transact any other business that may legally come before the meeting.

Given under our hands and seal this 24th day of February, 1923.

JOHN T. LYTTLE,  
MAX H. ALLEN,  
O. A. MOONEY,  
Selectmen of Littleton.

## REPORT OF THE BOARD OF EDUCATION

At the last District meeting it was voted to borrow \$23,000 in addition to the regular appropriation for school purposes. This sum was necessary in order to make the school fiscal year conform to the state law and extend from July 1 to June 30. This sum was used, therefore, to pay the expenses of the schools from February 1, 1922 to July 1, 1922. A supplementary report is added which shows the expenditure of this money.

The regular appropriation of \$45,079, which was raised by taxation for the support of the schools, was made available on July 1, 1922. A supplementary report also shows the expenditure of this money up to February 1, 1923. It will be seen that there is a balance of this appropriation amounting to \$25,170.52. This balance is to be applied in payment of the operating expenses of the schools to the end of the fiscal year, June 30, 1923.

Three financial reports are submitted for your consideration:

1. The regular audited report of the fiscal year as required by law, July 1, 1921 to June 30, 1922.

2. A supplementary report showing the expenditure of the \$23,000 voted at the last District meeting.

3. A supplementary report showing the expenditure to date of that portion of the \$45,079 assessed for the year.

JOHN C. CAMERON,  
JAMES J. HARRINGTON,  
EDWARD H. BILODEAU,  
H. D. STEVENS.

## SUPERINTENDENT'S REPORT

To the School Committee of Littleton:

A report of the schools for the past year is submitted for your consideration.

### GENERAL STATISTICS FOR THE YEAR.

Number of different schools maintained	20
Number of teaching positions	29
Filled by men	2
Filled by women	27

Number of different pupils registered	826
Average half-days schools were in session	344
Per cent of attendance	94.7
Number of pupils not absent nor tardy during year	92
Number of cases tardiness	1,346
Non-resident pupils in elementary schools	4
Non-resident pupils in high school	30
Number of pupils promoted at the end of year	611
Number of pupils not promoted at the end of year	84
Number of visits made by members of school board	37
Number of visits made by superintendent	373
Number of visits made by citizens	603
Comments on the above statistics:	

The per cent of attendance was good. The average for the State was 93.11. Littleton was slightly above this average. An unusually large number of pupils had perfect attendance for the year, 11 per cent of all pupils enrolled.

The percentage of non promotion was high. A study of the records shows that the greatest cause of non promotion was extended absence caused by sickness. Many cases were caused by pupils being absent one or two days each week throughout the year.

## INSTRUCTION

The aim of the instruction has been to so organize the work that the pupil will make such progress in each grade as will enable him to successfully carry on the work of the following grade. Also there has been kept in mind the idea that one learns to do by doing. To that end the pupil has been led to discover things for himself, under the direction of the teacher.

As most of the information which one gets comes from the printed page, the subject of reading has been especially emphasized. The object in view has been the development of the ability on the part of the pupil so that he may be able to grasp the thought quickly. The reading tests have shown that pupils who read a great deal for pleasure score higher in this subject; also the encouraging of slow readers to take some reading outside of school, has shown itself in a better grade of work.

As a great factor in the education of the children of Littleton I believe your Public Library plays a very important part. The special room which is set aside for the children is very well patronized, and is a direct incentive toward leading them to a love of good books and the cultivation of the reading habit. A very large number of the children in the public schools are patrons of the Library. The courtesy shown by the librarians to the children, in their search for good reading and for information, is a very commendable feature of the library service.

The teachers have been interested in their work, and in the children under their care. They have shown a willingness and eagerness to make the instruction as efficient as possible, to the end that the schools may show improvement from year to year. I cannot speak too highly of the excellent spirit of the teachers, and the cooperation which I have received from them.

### HEALTH WORK

The health work in the schools has been carried on under the direction of Dr. Page. Mrs. Young was appointed school nurse to take up the work formerly done by Miss Gillett under the direction of the Red Cross. I believe we could do much more if the salary paid to the nurse were large enough to command her services for full time. Concord pays \$1.25 per pupil

for health work in the schools. Littleton pays 60 cents per pupil. Some of the lines of work which might be emphasized under the direction of a full time nurse are:

1. Direct supervision of the health instruction in the schools.
2. Closer attention to the correct physical development of the pupils.
3. Clinics for the correction of physical defects.
4. An extension of the follow up work.
5. The supervision of exercises for the correction of physical defects and correction of bad habits of posture and carriage.

### PLAYGROUND APPARATUS

Play is a necessary activity of growth, and schools of today are placing an increasing emphasis upon space, equipment, and instruction in play activities. The teachers do much toward directing the play of the children and organizing other games for the recess periods.

I believe there is a need in our schools of some play apparatus. Some swings, teeters and other pieces of playground apparatus should be placed on the grounds at the Apthorp and Kilburn buildings, that the large group of children may enjoy them. The addition of a few pieces of apparatus each year would soon lead to well equipped playgrounds.

Respectfully submitted,

VERNON K. BRACKETT,

February 1, 1923.

Superintendent of Schools.

## REPORT OF THE SUPERVISOR OF MUSIC

Mr. V. Brackett, Superintendent:

In going over the work accomplished during the first half of the year, I am glad to report that the various rooms are as nearly up to grade as would be expected. The absence of special music instruction last year naturally made more or less of a break in the work, and for that reason most of the rooms were below grade. On the other hand, the enthusiasm has been greater than otherwise, since the definite work in music has been somewhat of a novelty, to the lower grades, in particular.

The principal thing has been to keep the children singing, and to arouse their interest in music in general. In the seventh and eight grades, especially, a touch of music appreciation is occasionally brought

in by discussing stories of the composers or their music. The victrola is sometimes used. On one occasion, a group of ten familiar songs was played, the pupils being asked to write the names of the selections. Nearly all were able to do this easily, "Santa Lucia" being the only one that many did not know. Several confused "America" with "Star Spangled Banner."

The work of the first grades is most interesting since such marked progress can be seen. At the first of the year very few were able to carry a tune, but by constant drill in "matching tones," and calling to each other, in order to get the high tones, gradually the so called "monotones" have been almost eliminated. Of the small percentage, who probably will never sing, most of them seem to be interested and they seem to enjoy trying to sing with the others. Little is taught in the first grade until the voices are cleared up. In the other grades, while part of each period is devoted to general singing, more or less stress is laid on reading music and such technical work as is necessary.

The work of the High School is becoming more and more interesting. This was one of the greatest problems, as the lack of constant practise made the work very hard. At times it seemed impossible to do very much in the line of part singing, but gradually the spirit has improved and more interest seems to be taken. Especially has this been true since an operetta, to be given in the spring, was started, and with a definite object in view, the students have improved greatly in their singing.

An orchestra of six violins, cornet, drums and piano practises weekly, and makes up in interest what it lacks in variety.

I should like to take this opportunity to thank the teachers for their cooperation, without which, the

work would have suffered greatly, and not nearly so much would have been accomplished.

Respectfully submitted,

MADELYN A. ALDRICH,  
Supervisor of Music

---

### HEADMASTER'S REPORT

Mr. Vernon K. Brackett, Superintendent of Schools,  
Littleton, N. H.

I hereby submit my first annual report as headmaster of Littleton High School.

Realizing the inadequateness of a report of this kind, I hope that I have included such things as may be of value as a matter of record. There has been little change in the teaching staff. We are getting on with one teacher less than last year. Mr. Ober, in the French department, was replaced by Miss Wyman, who asked to be released, and was in turn replaced by Mr. Ernest Roberts at the end of September. The data regarding teachers is given in table on next page.

I would recommend for the coming year that each teaching position, with the exception of Latin-History and perhaps the commercial position, should be required to handle one course more than it is now handling. By so doing, I believe we may enrich our program of studies quite materially.

The tables giving statistics on withdrawals and distribution of pupils follow.

Name	College	Subjects taught	Periods per week	Total Class Registration
Joseph D. Vaughan	Bates	Mathematics	15	44
Stella M. Osgood	Wellesley	Latin-History	30	112

## OUTING CLUB

This club, founded a few years ago for the furtherance of out-of-door sport, has proved very popular this year as more than one-half of the student body have become active members. Three very enthusiastic and well attended parties have been held; one at "The Dells" and two at "Skyline."

## AGORA

The Agora, under the supervision of Miss Osgood, has held the interest of the pupils as in former years. About one-third to one-half the whole student body attend its meetings. Three meetings have been held. At the last one, Agora decided to send out two debating teams to take part in the New Hampshire Debating League.

## ATHLETICS

Our Athletic Association has been revived and a needed revision of the constitution made and put into effect. This constitution puts the control of all athletic affairs in the hands of the students, subject to the approval of an athletic advisory board composed of two student members, a faculty member, the headmaster, and one member from the school board. For this year Miss Osgood is the faculty member and Mr. Herbert Stevens the school board member. This fall we had a very successful foot ball season due to the effective coaching of Mr. H. H. Downing and Mr. Roberts. Letters were awarded at the end of the season to fourteen members. Financially the season was a success. At the present time we are playing boys' and girls' basket ball; Mr. Roberts coaching the boys and the headmaster the girls' team. We shall have a baseball team in the spring, playing about twelve games, which we hope will give a good account of itself.

## ADMINISTRATION OF THE SCHOOL

The present administration has endeavored, in general, to carry on the plan of the school, heretofore laid down. A system has been introduced for recording and keeping a line on the books, of which a large number were found to be in poor condition. A better means of keeping pupils' records etc., has been added. Standardizing tests in certain subjects have been introduced and will, I hope, raise the standard of scholarships and teaching.

The time-table for the first half of the year was organized as last year. Beginning with Monday, February fifth, it was changed to allow for the introduction of an opportunity class. The last scheduled recitation will end at three o'clock instead of three forty-five as formerly. The time from three o'clock on will be used in assisting pupils. Every pupil with no grade less than C plus will be excused at three-thirty. All who have not obtained that grade will remain until four o'clock. As most failures are due either to lack of sufficient guidance or preparation, this class will improve our scholarship.

## COLLEGE ENTRANCE

For the year ending December thirty-first, Littleton High School was an accredited school on the New England College Entrance Board. This membership entitles all students attaining certificate grade to be admitted to any of the following colleges without examinations:

Amherst College, Bates College, Boston University, Bowdoin College, Brown University, Cornell University, Colby College, Dartmouth College, Massachusetts Agricultural College, Middlebury College, Tufts College, Jackson College, Holy Cross College, Clark University, Boston College, New Hampshire State College, University of Maine, University of Vermont,

Wesleyan University, Wheaton College, Worcester Polytechnic Institute, Williams College, and any Western college or university. For example, University of Illinois, or Oberlin.

We hope to retain our membership on this accredited list.

Harvard, Yale, Massachusetts Institute of Technology, Smith, Mt. Holyoke, Wellesley, Vassar and Radcliffe admit no students except by examinations.

The following table gives the data regarding last June's graduates.

	College	Business College	Normal	Employed in town	Employed outside	At Home	Total
Boys	7	0	1	4	1	4	17
Girls	1	1	10	10	2	6	30
	—	—	—	—	—	—	—
Total	8	1	11	14	3	10	47

Respectfully submitted

JOSEPH D. VAUGHAN,

February 1, 1923.

Headmaster High School.

### PHYSICIAN'S REPORT

February 14, 1923.

To the Superintendent of Schools:

I herewith submit my annual report of inspections of the village and rural schools.

Number examined, 730; malnutrition, 6; defective hearing, 2; skin disease, 10; cardiac disease, 3; orthopedic, 14; defective teeth, 249; hypertrophied tonsils, 72; gland disease, 15; unvaccinated, 35; nervous disease, 1. Treatment has been secured in 76 cases.

Respectfully submitted,

JOHN M. PAGE, M. D.

LIBRARIAN'S REPORT

To the Board of Trustees of the Littleton Public Library:

I herewith submit the annual report of the library. The statistics are as follows:

Number of volumes February, 1922	13,982
Increase by purchase	282
Increase by gifts	187
	<hr/>
Total increase	469
Number of volumes, February 1923	14,451
Books rebound	100
Magazines rebound	30

Books withdrawn	250	
Total circulation		34,752
Largest circulation in one month, February, 1922		3,542
Largest in one day February 25, 1922		406
Per cent of fiction circulated		84.72
Per cent of non-fiction circulated		15.28

### CIRCULATION BY CLASSES

Fiction, adult	22,482
Fiction, juvenile	6,963
Biography	530
Travel	422
History	552
Literature	1,050
Fine Arts	96
Useful Arts	234
Science	220
Philology	22
Sociology	319
Religion	38
Philosophy	78
Miscellaneous	1,746
Total	34,752

### LIBRARY NOTES

In presenting the statistics of the library for the past year, the record shows that the patrons of the library borrowed 34,752 volumes. This record compared with the year of 1921 shows a falling off of about 1,500 in circulation; and this falling off may be accounted for by the lack of books for the childrens' department, as no list of new books of any considerable size was added this year, but with a new list soon to be circulated it is expected that the circulation for

the young folks will be increased in just proportion. There was an increase in the adult circulation over any previous year, and a somewhat lesser number of non-fiction circulated, which is in no way commendable to the record, in as much as many new books of non-fiction were added during the year, and a larger number should have been drawn. The gifts to the library exceeded those of last year as 187 books were given. The largest gift was money for the purchase of fifty dollars' worth of books of non-fiction, given by Mrs. Caroline Goodrich of Concord, N. H., in memory of her husband the late Rev. J. B. Goodrich, at one time Rector of All Saints' church. The books were chosen with the approval of Mrs. Goodrich and included important books of Biography, Memoirs, and Travel and thus many books too expensive for the library to purchase were placed in circulation, and they have been much appreciated by those interested in this higher class of reading. A valuable set of Literature books was given, these to be used for reference. Rev. J. E. Johnson again sent a collection of worth-while books from his private collection. A valuable set of Genealogical books were given by Mr. G. P. Rowell of Stamford, Conn. These were given as a gift from Mr. Rowell's mother, Mrs. Charles Rowell, who is a summer patron of the library. These with the many single volumes given by friends interested in the welfare of the library have added much to the convenience of the library and a sincere appreciation is extended to the donors for the favors.

Respectfully submitted,

JENNIE E. SMITH, Librarian.

# VITAL STATISTICS

FOR THE

YEAR ENDING DECEMBER 31, 1922

Births Registered in the Town of Littleton, N. H., for the Year Ending December 31, 1922.
